

Contemporary and ultra discreet front of house solution

The Aura® decorative flykiller is an ultra discreet unit designed for front of house applications. Ideal for use within cafes, restaurants, bars and hotels, the Aura® offers an elegant, modern aesthetic alongside innovative, easy-to-service features and maximum efficacy. The unique circular design allows light to attract flying insects from a full 360° around the unit, whilst the glueboard gives a 100% useful glue area which remains hidden from customer view.

Benefits:

- Contemporary and elegant design with polished facade
- Slim design ensures that the unit is unobtrusive
- Robust stainless steel and UV stable polycarbonate construction
- Ultra discreet fly catching; glueboard hidden from view
- Ensures compliance with food hygiene legislation and protects clientele from flying pests
- Dual wavelength Synergetic® technology for an increased catch
- Easy tool free access and efficient servicing
- Quick and simple IEC mains socket, or discreet hard wiring option

Features
